5. Timeline for the Report of Recommendation and Future Meetings

Santucci presented his timeline from now through the end of 2020. Reilly initiated a discussion on the timing of our Report with respect to the 2021 Township election. Those present came to a consensus that our deliverable will be made to the Township Board when we are complete, and that subsequent handling and release is the Township Board's concern.

We next discussed whether to wait for any feedback from the Cities of Aurora and Naperville or move on to considering alternatives to recommend. Santucci reported that our numbers were only shared with the cities on October 23rd and that a deadline for responding had not been communicated. We agreed that the city contacts were originally meant as a courtesy and that we should move on. Santucci brought up a pending with meeting DuPage County, but we agreed that was outside the scope of our considerations.

6. New Business

Mitchell explained his thoughts for the new Alternatives Considered section of the Report. Reilly will supply some wording to summarize the alternatives being considered. Waller and Mitchell will work on formatting that section to best present the advantages and disadvantages of each alternative.

7. Adjournment

Santucci moved and Mitchell seconded a motion to adjourn. The date and time of the next meeting is to be determined. Motion passed unanimously at 6:00pm.
